

Program Fee Acknowledgement

Vital components to successful gastric bypass surgery are pre and post-op education, support group and follow-up care. We are committed to providing you with the resources necessary to make this process as successful and rewarding as possible.

Our program offers professionals, experienced in the bariatric field, who will provide you with the educational and emotional support needed to reach your goals. We offer the tools and knowledge needed to adjust to the physical and psychological changes that occur during this transition period. Please be sure to visit our website for ongoing nutrition, exercise, and support group education/support. Log onto www.coastalobesity.com for upcoming support group meeting dates and speakers.

In addition to these services, the surgeons at Coastal Center for Obesity are committed to responding to your needs and concerns, 24 hours a day.

The program fee is \$3,500.00 and is a mandatory part of our program, and good for a life time. (Not covered by insurance.) This fee is payable on your first visit with the surgeon.

Payment can be made by cash, cashiers check, credit card, personal check or money order. If paying by personal check, payment must be made 14 days prior to your surgery date.
